Bringing Joy To The Nations through the Gospel of Jesus Christ

Aug. 2017~~Our God is an unstoppable God, Whose grace is like a soaking wave, cleansing us, taking our sins & casting them into the depths of the vast ocean. He came that the sea of humanity would not perish in a huge gulf of flames known as the Lake of Fire. The heart of the missionary beats to see not 1 soul go wayward or be lost. **April 2017 Ministry Location Change** Following the Spirit of God though change is hard, we are compelled to GO when He leads us to do so. The April relocation to a remote setting has gone fairly well as we pushed through a handful of obstacles. Both Joy & I are mostly settled, enjoying living in our own places that will serve as our safe havens in the rustic jungle settings. **May/June N. FL Working Furlough** Having met with pastors & partners in Jacksonville, there was not as much time available as usual to meet new people & increase our support base this year. At no fault of their own, current donors have been having a tough last few years. So we wanted to minister to those with many cares, fears and grief. We double-teamed helping mutual partners & cared for our individual partners/friends ourselves. We were glad that people were real, having allowed us the opportunity to be a blessing! The Lord has always provided for every need. And July 2017 through the rest of the year is not going to be any different. Onward we GO in faith! **Women's Bible Fellowship** I am thrilled

that the opportunity has presented itself to connect with other women of an evangelical local fellowship to begin to study the Word together throughout the next several months time. **Missionary Meetings** Over 20 to 25 people typically come together as schedules permit in order to fellowship & network monthly about ministry & other happenings on the island. It's always a profitable time attending. **Future Service** We are always about presenting the Gospel Message of Christ, discipling others, pointing people to a local fellowship as long as one exists in their barrio. The winter of the 2017 year will bring more of an unveiling of a particular kind of ministry that Joy & I will be doing on Roatan. We are accompanying already-established missionaries to their sites over the next several months to see the work already being done & to participate practically as God is establishing us here in this season. **2017 PA Trip Postponed** Due to the recent move coupled with a lower than usual travel budget, 2018 spring/summer would be a better time to see family/friends/support team there. PA Family & Support Team, thank you so much for your understanding. Let's keep each other uplifted in prayer, believing God for the breakthroughs we all need in this season. Now is the time to prepare
